PROFESSIONAL SUMMARY

Passionate Information Technology undergraduate with hands-on experience in software development, full-stack web application development, and mobile application development. Proficient in Java, Spring Boot, JavaScript, MERN Stack, Python, SQL, and Kotlin, with experience building scalable, database-driven applications through academic and collaborative projects. Strong problem-solving, analytical, and teamwork skills, with a commitment to developing efficient, user-focused software solutions and continuously learning emerging technologies.

WORK EXPERIENCE

Business Analyst & Workflow Developer Intern

Process361 Pvt. Ltd. | Dec 2025 – Jun 2026

EDUCATION

- Sri Lanka Institute of Information Technology (SLIIT) - 2023-2027**
BSc (Hons) in Information Technology Specializing in Information Technology
Cumulative GPA - 3.4
- Rathnavali Balika Vidyalaya, Gampaha - 2013-2021**
GCE Advanced Level (A/L) Examination (2021) : Combined Mathematics-C Chemistry-C Physics-S
GCE Ordinary Level (O/L) Examination (2018)

TECHNICAL SKILLS

SOFT SKILLS

- Communication
- Analytical Thinking
- Problem-Solving
- Teamwork
- Adaptability
- Time Management
- Attention to Detail
- Leadership
- Critical Thinking
- Continuous Learning

ADDITIONAL INFORMATION

- **Languages:** English, Sinhala
- **Certifications:** Web design for beginners course(University Of Moratuwa - 2024), Python for beginners course(University Of Moratuwa - 2025)

PROJECTS

- **Booking Management – SmartCampusHub**

Designed and developed the booking management module for the Smart Campus Hub system using Spring Boot and React. Implemented booking creation, status management, user-specific booking views, and RESTful API integration while ensuring a responsive, user-friendly interface and seamless frontend-backend communication.

Spring Boot | React | REST APIs | PostgreSQL | Git | Github

- **Study Buddy Finder – StudySmart**

Designed and developed the Study Buddy Finder module for a MERN-based web application. Implemented features including study group creation, membership management, search and filtering, and interactive dashboards. Built a responsive, user-friendly interface and integrated backend APIs to enable seamless frontend-backend communication and efficient data management.

MongoDB | Express.js | React | Node.js | UI/UX Design | Git | Github

- **Website Design-Daily Mail UK**

Redesigned key sections of the Daily Mail UK website in Figma, including the video page, video submission flow, and comments interface. Applied modern UI/UX principles to create intuitive, responsive, and visually consistent designs, enhancing navigation, accessibility, and overall user experience.

Figma | UI/UX Design | Prototyping

- **VaultVision – Personal Finance Tracker Mobile App**

Developed a personal finance management mobile application using Kotlin and Android Studio. Implemented transaction management, budget tracking, data visualization, and local data storage using Shared Preferences, while designing a user-friendly interface to support effective personal finance management.

Kotlin | Android Studio | Shared Preferences | XML

- **Bus Management System**

Contributed to the Financial Management module by developing features for managing staff salaries, including CRUD operations, search, filtering, and report generation through the admin portal. Utilized the MERN stack to implement backend functionality and support seamless data management.

MongoDB | Express.js | React | Node.js | VS Code

- **Online Employee Management System**

Developed the Contact Us module for an employee online examination system, implementing CRUD operations to manage employee inquiries. Built the frontend using HTML and CSS and integrated Java with MySQL for efficient data storage and inquiry management.

HTML | CSS | Java | MySQL | Eclipse

- **Online Examination System For Employees**

Contributed to the frontend development of an employee online examination system by designing and implementing the About Us, Contact Us, and Q&A pages using HTML, CSS, and JavaScript. Focused on creating responsive, user-friendly interfaces with intuitive navigation and a consistent user experience.

HTML | CSS | JavaScript | VS Code
